## **Colorado Regional Organizations Organizational Structure Survey**

Dear Regional Organization Executive;

Region 10 is considering changing its organizational designation from its current 501(C)4 status. Quite candidly, we want to position ourselves to take best advantage of all available funding streams, from federal and state grants, to private grants, to tax-deductible and/or tax creditable contributions, to fee-for-service revenue, to local government support. We want to know how your regional organization is structured and why you have set it up that way. Please fill in the blanks below, then choose the SUBMIT button to send to us. We will make the survey results available to all CARO members.

1. How is your organization structured?  
Corporation          LLC          Partnership          Other
  
2. What is the IRS designation of your organization?  
501(C)3          501(C)4          501(C)6          Governmental          Other
  
3. Does your main organization receive contributions or donations?    Yes    No
4. Does your main organization receive private or foundation grants?    Yes    No
  
5. Do you have any sub-corporations?          Yes    No
  
6. If you have sub-corporations, how are they designated?
